

NO BETTER

Words & music by Shaun Groves

When you throw your stone
Aim it at the heart
Where every crime comes from
Where every stumble starts

And save the next for me
Muster all your skill
'Cause sin in secrecy
Is the hardest kind to kill

CHORUS:

Lay me down with the liars
Brawlers, thieves and backbiters
Lay me down with the others
'Cause I'm no better

There's no justice here
It's just as well you know
We've all got hell to pay
And grace pays all we owe

CHORUS

CHORUS 2:

Lay me down with the takers
Politicians, cheats and heart breakers
Lay me down with the others
'Cause I'm no better

CHORUS
